

Final Project — Dataset Submission

Data Science Course

■ Dataset is too large to upload. Access it via the link below.

Dataset

Name: Pix3D — Furniture Dataset (Kaggle)

Link:

<https://www.kaggle.com/datasets/siddhuneehal/pix3d-furniture>

About: Real-world furniture images paired with 3D models and annotations. Categories include chairs, sofas, beds, tables, desks, and more — suitable for EDA, classification, and ML modeling tasks.

How to Download

1. Visit the Kaggle link above (account required).
2. Click **Download** and extract the archive.
3. Use the JSON annotations to load image–model pairs in your notebook.

File not uploaded due to size constraints — please download from Kaggle.
